SHARM ELSHEIKH - EGYPT

BOULEVARD Building - BV-Gb

A TMG DEVELOPMENT  
DESIGNED BY STUDIO MARCO PIVA

# Boulevard

## Building - BV-Gb

“Boulevard takes its name from its role as the sunlit path that moves through the project. The place links the strip mall Porta del Sole to the center of the marina and supports a steady flow of movement between both areas.

You move through a line of commercial and residential spaces that sit along the route. The layout shows the warmth and energy of the sun and keeps the experience clear and direct for people who use the space each day.

The location builds a clean connection across the project. It works as a bright route that shapes the character of the area and supports the way people interact with the wider setting.”

Garden View
